QA Engineer

Kerala, India • +91 8590009118 • aslamxhabeeb@gmail.com

SUMMARY

Detail-oriented Software Test Engineer with hands-on experience in manual and automated testing, specializing in API testing (Postman), Selenium, and cross-browser compatibility. Proven ability to achieve 95%+ test coverage, improve system performance by 20%, and resolve 50+ critical bugs across web and mobile applications. Skilled in Agile methodologies, end-to-end testing, and ensuring seamless user experiences. Passionate about delivering high-quality software through meticulous testing and collaboration with cross-functional teams.

EXPERIENCE

Quality Control Engineer | Malger Entertainments, Kochi

2024- Present

- Conducted API testing (Postman) and manual testing for TekBook (AR/VR app), ensuring 100% functionality and seamless user experience.
- Achieved 95% test coverage for Grand Regency Hotel's website using Selenium and ensuring cross-browser compatibility and responsiveness, while improving performance by 20% and resolving 50+ critical bugs
- Performed end-to-end testing for Solitaire mobile application (Android), ensuring smooth functionality and reducing post-release defects by 15%.
- Achieved 95% test coverage for Malger Entertainment website using Selenium.

Software Testing Apprentice (SDET) | Qspiders Kochi, Kerala

2024

Developed a comprehensive understanding of software testing and system analysis through practical, project-based learning. Acquired proficiency in Selenium for automation, and API testing using tools like Postman and Fireflink, equipping me to ensure high-quality software performance and reliability.
